RE: Errata to MN/MI formula in 2023 Memorandums and Communications

The Georgia Administrative Office of the Courts has pointed out a typographical error to my versions of the MN/MI Formula. There should not be an exponent (number in superscript) on either Parent's base support obligation.

- Exhibit 1 shows the formula with the error.
- Exhibit 2 shows the corrected formula.

Exhibit 1: Incorrect Formula

MN/MI Formula

$$\frac{(A_o)^2(B_s)^2 - (B_o)^2(A_s)^2}{(A_o)^2 + (B_o)^2}$$

Where
A_0 – Approximate annual number of overnights the children will spend with parent A
B_0 – Approximate annual number of overnights the children will spend with parent B
A_s – Parent A's base support obligation
B_s – Parent B's base support obligation

Exhibit 2: Correct Formula

MN/MI Formula

$$\frac{(A_o)^2(B_s) - (B_o)^2(A_s)}{(A_o)^2 + (B_o)^2}$$

Where
A_0 – Approximate annual number of overnights the children will spend with parent A
B_0 – Approximate annual number of overnights the children will spend with parent B
A_s – Parent A's base support obligation
B_s – Parent B's base support obligation

The error appeared in the memorandums dated on April 18, 2023; May 14, 2023; and June 22, 2023. It may appear on other documents and communications.

This document is being used for discussion purposes only with the Georgia Child Support Commission.
