

**Georgia Child Support Commission
Technology and Calculator Subcommittee
Regina Quick, Esq., Chair
Friday, August 7th, 2026
10:00 a.m. – 12:00 p.m.**

Meeting Summary

The Technology and Calculator Subcommittee of the Georgia Child Support Commission held a hybrid meeting on Friday, August 7, 2026, via Zoom and in person. Four (4) Subcommittee members attended. The Subcommittee members in attendance were:

Regina Quick Esq., Chair
Matthew Brigman, Esq.

Anna G. Bolden, Esq.
Jacqueline Fortier, Esq.

Staff Attorney JoAnna Deering and Project Coordinator Lazaro Quintanilla served as staff for this meeting. Additionally, Colton Trent, AOC IT staff member, was present.

Chair Quick opened the meeting at approximately 10:00 a.m., welcoming all attendees. A quorum of four (4) of the five (5) Subcommittee members was established. Chair Quick asked Lazaro to deliver the rules for the meeting. The previous Technology and Calculator Subcommittee meeting was held on October 22, 2025. The minutes were previously distributed to all Subcommittee members. With no corrections being made, the minutes were unanimously approved.

Chair Quick called on JoAnna to update the Subcommittee on the progress of archiving worksheets more than five years old. JoAnna noted that the full Commission approved the archiving of worksheets more than five years old on October 24, 2025. The AOC IT team is working with Amazon Web Services to implement the archival process. AOC staff will post related announcements on the child support calculator website and the Commission website and send emails notifying calculator users of the change upon implementation.

Chair Quick called on Lazaro to present the newly developed parenting time calendar tool. Lázaró noted that the version demonstrated was not final, as updates were in progress based on user-testing feedback. For demonstration, he generated a parenting time schedule in which the noncustodial parent had Monday–Thursday overnights every other week and the custodial parent received the remaining days. Subcommittee members discussed the results and reviewed the printed output. Chair Quick requested the removal of unnecessary text from printouts. She also suggested that the full Commission consider the tool’s color palette, and it was noted that color and design choices must comply with all website accessibility provisions of the Americans with Disabilities Act. Finally, Chair Quick requested that Commission staff provide all Subcommittee members with access to the staging website so they can test the calendar tool and provide feedback.

Commission staff will coordinate with Chair Quick to schedule the next Subcommittee meeting as needed. The meeting adjourned at 10:35 a.m.
